

Arts Grants for Teachers

Guidelines 2026-2027

THE PURPOSE of this Arts in Education (AIE) grant is to encourage teachers to design and develop artistically creative and innovative projects involving the visual and performing arts. These projects can help to develop understanding and appreciation of the arts, complement other arts-related activities already implemented in the schools, provide direct student involvement in the arts, develop permanent arts resources, integrate arts into other academic disciplines or provide support for teachers to become more proficient in the arts.

Applications are reviewed on a competitive basis with one grant round per year. Applicants must use the official application form, which can be found at <https://artsinedacadiana.org/arts-grants-for-teachers/>. All forms must be received by the appropriate deadlines. There is no limit on the number of applications per school or teacher. Separate applications must be submitted for each project.

Hiring an Artist for Your Project

Grants may include the hiring of artists to help design and implement your project. Collaboration with an artist is encouraged, but not required or necessary for all projects. Artists may be selected from the AcA's Teaching Artist roster, which can be accessed [here](#). All others must submit a comprehensive resume of their arts in education experience. Long and short term residencies and workshops are eligible.

Things to Consider

Artists are very knowledgeable in selecting the tools and supplies needed for the project. It is suggested that you consult with them before finalizing your application. Besides the artist's classroom session fees, also consider the additional administration fees such as planning time, advance preparation time and transportation costs in your budget.

Checklist

- Statement of Support from Principal
- Statement of Support from Teaching Artist (if applicable)
- A copy of any information descriptive of art resource materials to be purchased
- Resumes of any individuals working directly with students and paid through the grant budget, unless the artist is on the current approved roster of the AcA's Teaching Artists. If teachers are directly involved in instruction for this project, please include their bio or resume
